

February is a busy month for us. We will be celebrating Valentine's and President's Day in Lincoln City, Oregon with Tom's Aunt and Uncle who live there.

We got our Animas Pump with the One Touch Ultra PING meter. The new pump and the meter "talk" to each other which is really helpful for keeping track of blood glucose numbers as well as snacks and meals. The really neat thing is that you can bolus/give Henry insulin without removing his pump from his pants. The secretary at school can do everything on the meter instead of having to get the pump, enter the blood glucose number then enter how much insulin to give him. It streamlines the process and makes record keeping easier. It is funny how we get excited about any upgrade (:

Can't donate money but want to help? With the Hope Gala coming up in May, I encourage you to think about volunteering your time. It takes a lot of volunteers to make the night run smoothly. People of all abilities are needed so don't feel if you have no experience you can't help. If you are interested please contact the JDRF and let them know. Special Events Manager: Elizabeth Squires esquires@jdrf.org

If you would like to contribute something to Henry's Summer Fun basket we are submitting to the Hope Gala please contact Jennifer.

Where flowers boom, so does hope- Lady Bird Johnson

The Kilman Family
